

OSMH by MHP™

Our promise, and overall solution, to the market. MHP is a developer of infrastructure and real estate solutions focusing exclusively on Off-Street Mobility Hubs (»OSMH«).

This is a new type of strategic urban infrastructure in a time when cities and Municipalities across Europe desperately need new innovative solutions to escalating problems. We stand ready!

This market promise is reflected in our: (1) Purpose, (2) Vision, (3) Mission, (4) Value Proposition, (5) Role and Function, and (6) Values. As designed, lived and delivered by the MHP Co-Founder Team as well as the extended Team of Senior Advisors, Associate Partners and Strategic Partners. **Learn more on our website!** Discover how this matters to you.

OSMH by MHP™

In our relationship with external stakeholders, especially our focus clients (Municipalities and Real Estate Owners), existing and potential partners and collaborators, this promise is reflected in our strong focus to design and deploy specific and high impact MHP Products all leading to the same ultimate outcome: the Off-Street Mobility Hub (“OMSH”):

01- Pre-Study | Portfolio Analysis

02- Pre-Study | Single-Unit Analysis

03- Full Project Analysis

Learn more about these products and let us know how we could collaborate. Are you either a potential client or collaboration partner?!
